

LVCHS students perform well on standardized tests!

SAT scores (07-08) – 58% (49/85) of our 11th & 12th grade students took the SAT this year, and our average is 39 points higher than the national average (see chart below).

<u>SAT Categories</u>	<u>Critical Reading</u>	<u>Math</u>	<u>Writing</u>	<u>TOTAL</u>
National Average (07-08)	502	515	494	1511
PA Average (07-08)	494	501	483	1478
LVCHS Average (07-08)	520	528	529	1577
LVCHS Highest (07-08)	700	730	760	2190

SAT scores are standardized and range from 200 to 800 in each category, with 500 being the pre-set average. Scores of 600 or above are considered very good. We are particularly proud of Brittany Castle, who received LVCHS' highest score in all 3 categories this year (as well as highest overall score, obviously)! Her score was tied by Steve Green in Reading and by Mark Lomastro in Math. Overall, 4% (2/49) of our students who took the SAT scored well below average, 39% (19/49) were below average, 47% (23/49) were above average, 10% (5/49) were well above average

Stanford scores (07-08) – All of our 9th, 10th and 12th grade students took the Stanford test, with the exception of our ESL students. Our students performed better than 69% to 78% of students nationwide (each grade level compared separately). When compared with ACSI Christian schools only, we did better than 49% to 61% of those students. On the Bible Assessment our students who were rated as average or above average ranged from 87% to 96%, depending on the grade level.

PSSA scores (07-08) – In all areas (Writing, Math, Reading) our students performed above the state average. We had 86% of our students at the Proficient level (or higher) in Writing, 63% in Math, and 81% in Reading. We are also proud to announce that we had a higher percentage of our students in the Advanced level than ever before in Reading (51%) and Writing (16%), and the second highest amount ever in Math (28%).

AP scores (07-08) – AP scores range from one (low) to five (high), with a three being considered good enough to earn college credit at most colleges. Of the 23 students who took 28 tests we earned 3 ones, 9 twos, 11 threes, 4 fours and 1 five. (see chart below) Special recognition to Chris Lunger who earned a 5 on the English Literature test – this is the highest score possible! All 16 students who earned a 3 or better are eligible to receive college credit for the courses they completed at LVCHS this year! Congratulations!

<u>AP Scores</u>	<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>Average</u>
Calculus	1	2	1			2.0
Chemistry	2	3	2			2.0
English Lit.	0	3	6	4	1	3.2
Physics	0	1	2			2.7
TOTALS	3	9	11	4	1	2.7
